

2015 California Fire Assistance Agreement Rates and Reimbursement Workshop

To make certain the local fire agencies are properly informed on the changes to the 2015 California Fire Assistance Agreement (CFAA) and correctly calculate their average actual hourly rates/supplemental personnel rate(s), actual administrative rate, and understand the terms and conditions of the agreement. Cal OES along with all other signatories to the CFAA should ensure that all agencies understand the process, rates, formulas and methodologies on how to arrive at the correct rates and hours required for reimbursement from the State or the Federal Government.

Workshop Purpose:

- Support successful implementation of CFAA changes and/or updates
- Provide an understanding of expectations on MOU/MOA/Governing Body Resolutions or equivalent
- Instruct local government fire agencies how to develop accurate rates
- provide a forum to discuss rates, formulas and methods

Workshop Outline:

- Overview of the changes to the 2015 agreement
- How to properly and accurately determine/calculate rates
- Detailed discussion about administrative rates, personnel rates and other items
- Intent of the CFAA

Target Audience:

Local government fire agency finance personnel, admin managers/chiefs, and any other fire agency personnel that will need to understand the changes and updates.
