

FirstNet by the Numbers in California

VISION

To provide emergency responders with the first nationwide, high-speed, wireless broadband dedicated to public safety.

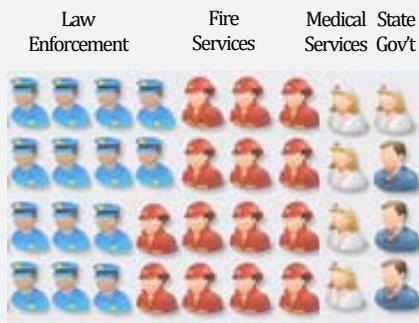

GOVERNANCE

California created the California First Responder Network Board of Directors that consists of **12** multi-disciplinary representatives, with a cross-section of public safety expertise.

FACTS

California is the world's 8th largest economy. The gains are driven by technology, tourism, trade and construction. The Golden State now falls behind Brazil but in front of Russia and Italy.
